SUMMARY: Full-stack engineer with 3+ years of experience building with C++, Python, and React.

TECHNICAL SKILLS:

- TypeScript, Next.js, C++
- Node.js, Electron, CSS
- Automation, DevOps, CI/CD

PROFESSIONAL EXPERIENCE:

Applications Developer Oracle, *Redwood Shores, CA* April 2024 – Present

- Collaborated on frontend experiences using React and TypeScript to streamline user workflows.
- Built and launched a scalable release management tool supporting 13780 users with high reliability.
- Mentored new developers, facilitating knowledge transfer and collaborative problem-solving.
- Implemented AI-powered automation to optimize DevOps workflows and artifact management.
- Led onboarding and support for users, resolving bugs, gathering feedback, and refining key features.
- Efficiently built dynamic reports with Python, DRF, and Celery for asynchronous data processing.

Software Engineer Amazon, *Santa Monica, CA* August 2022 – April 2024

- Designed efficient bulk registration features for large-scale data ingestion pipelines.
- Developed and optimized C++ and Python-based APIs for large-scale data catalog systems.
- Led junior developers by sharing context, reviewing code, and guiding contributions.
- Delivered flexible CI/CD pipelines with approvals, tests, rollbacks, and branch deployments.
- Worked closely with product and UX teams to refine UI behavior for React-based applications.
- Managed infrastructure security and scalability using AWS CDK and CloudFormation.

Senior Assoc. Software Engineer Capital One, *Plano, TX* August 2021 – August 2022

- Accelerated dataset registration by developing a Chrome extension to enforce metadata compliance.
- Improved file transfer efficiency by designing an Electron app for data streaming and processing.
- Enhanced real-time analytics by implementing multithreading for Kafka stream processing.

INTERNSHIP EXPERIENCE:

DevOps Engineer Bongo, *Loveland, CO* August 2019 – May 2021

- Automated hundreds of end-to-end React user interface tests with Ruby, Capybara, and Jenkins,

Nat. Sec. Cloud Consultant AWS, *Remote* May 2020 – August 2020

- Architected self-service virtual desktop solution to reduce end-user's procurement time by 85%,

EDUCATION:

University of Southern California, *Los Angeles, CA*

- M.S. in Computer Science for Artificial Intelligence

Colorado State University, *Fort Collins, CO*

- B.S. in Computer Science

CERTIFICATIONS:

- AWS Certified DevOps Engineer - Professional
